WORK STATION

The custom-built table is the soul of the space. It is designed with careful attention to optimal modes of flexible work, collaboration & inspiration.

PODCAST STUDIO

The low-key podcast studio is "hidden" behind our statement window. The studio is furnished with high-quality audio recording equipment free to use.

MEETUP AREA

The multi-functional area is ideal for larger gatherings & making new connections. It easily fits 40 people sitting for a casual presentation mode.

MEETING ROOM

The bright 28 sqm meeting room is separated from the main area. The white brick walls and raw concrete floors make up the industrial aesthetic of the room. Flexible seating options fit up to 20 people.

WORK STATION

The custom-built table is the soul of the space. It is designed with careful attention to optimal modes of flexible work, collaboration & inspiration.

Collaboration, iteration and engaging discussions are self-evident when working from this table.

Facilitate *impactful lectures or workshops*. Use the white canvas wall for presentations and *live-stream* your event using our video equipment.
